

Lajlam

THE ULTIMATE ENTRY LEVEL LAMINATOR

THE ULTIMATE ENTRY LEVEL LAMINATOR

The ultimate economical pneumatic laminator is finally available from Neolt Factory.

Laylam technology range reduces the machine Setup and does not need to employ skilled personnel.

Compared to the laminators with electric pressure technology. The possibility of error is actually Hot rollers 50c is already included, available also the 120c model.

Laylam the perfect combination between price and Italian manufacturing quality.

Available in the following versions:

- Laylam 50°C
- Laylam 120°C

MAIN FEATURES

Eco-friendly

The air pressure system implies lower power consumption than the electric motors.

Self-adaptive

The air pressure system with independent pistons adapts automatically to different thicknesses and to different materials often not completely flat. The rollers simply adapt to the media surface in real time.

Flexible

It is possible to pre-define the pressure to be applied to each media. Once you have placed the material it is always possible to adjust the pressure.

OPTIONS / ACCESSORIES

- Roll holder with clutch
- Rewinder roll

Datasheet

1650

Dimensions	215x45xh140 cm
Max working width	1650 mm
Max speed	6 m/min
Max laminating thickness	30 mm
Depth table included	450 mm
Height working table	920 mm
Net weight	200 kg
Electrical requirements	230v - 50Hz / 110v - 60Hz
Power consumption	7,5A - 1800W
